MUSIC @ YOUR LIBRARY!

Come to the library for a free Humanities Montana jazz program on Wednesday, March 8th!

Wilbur Rehmann will present "American Art and Democracy Come Together in Jazz" at 5:30 p.m. in the library meeting room.

Humanities Montana describes the program as portraying "the roots of jazz in the field hollers and work songs of slaves

and follows the art form through to the modern jazz era of the '40s, '50s, '60s, and beyond.

Rehmann illustrates points with examples from recordings, his own saxophone playing, and video footage."

A second musical event is on the docket for Friday, March 24. The U.S. Navy Band's brass quintet will perform in

the library meeting room at 1:30 p.m.

This is a rare opportunity to hear some extraordinary professional brass musicians as they play for our community. Bring a friend and spend another quality afternoon at the library!

As always, our events are free and open to everyone. Refreshments will be served.

Humanities Montana presenter Wilbur Rehmann is coming to the library soon. His program is made possible with support from Humanities Montana, the National Endowment for the Humanities, and the North Lake County Library Foundation.

Heather Miles demonstrates the use of a Kindle and other electronic devices to long-time library supporter Al Suneson during Digital Learning Day.

DIGITAL LEARNING DAY

Digital Learning Day took place in the meeting room on Thursday, February 23rd. Library Specialist Heather Miles hosted the 6-hour-long, drop-in event in conjunction with the national observance.

The library's laptop lab was up and running, each illustrating a different library service for attendees to explore. These includ-

ed HeriageQuest, the Montana Memory Project, Ancestry.com, NoveList, and others.

Several electronic devices were also available to peruse. Heather showcased the basics of various tablets, an iPad, and more.

Digital Learning Day is an annual event offered in February. Libraries around the country take part in this effort to help the

public keep abreast of the newest developments in technology and to offer free learning opportunities.

Like all library functions, Digital Learning Day was free and open to the public.
